Dear Nancy Rumrill,

My name is Byron Doan. I am fourteen years old and I read you're your newspaper article about two weeks ago. My class and I from Maui Preparatory Academy agree with your view concerning about how the water company is sending waste water to the ocean. We think that we need the ocean to look beautiful and we need the reefs to live. If we don't fix this, Maui won't look beautiful and there will be no more beach for people who love going to the beach. I care about the county of Maui and I hope we can do something to help this concern.
